

AN ENTIRE PROVINCE WILL LOOK TO YOU FOR CLINICAL AND ACADEMIC LEADERSHIP

The province of Saskatchewan is seeking a psychiatry leader in teaching, research and patient care. In this multiple appointment leadership role with the University of Saskatchewan, the Saskatoon Health Region and Regina Qu'Appelle Health Region, you will place yourself in a unique position to affect more than a million people. Ensure that those who need it, have access to improved function, independence, health and quality of life as . . .

HEAD, DEPARTMENT OF PHYSICAL MEDICINE & REHABILITATION

Based on your choice of residence in Regina or Saskatoon, you will lead a department that provides holistic, interdisciplinary assessment and rehabilitation services to patients and their families. You will also provide clinical and academic leadership in teaching, research and service. Make one of your top priorities the recruitment and retention of Psychiatry clinicians and academics to the Province's universities and health regions. Oversee the effective use of department resources. Advance the art and science of medical rehabilitation across the Province of Saskatchewan.

With your background in Physical Medicine and Rehabilitation, you have sterling credentials in teaching, research, clinical practice and management. You are eligible for your Saskatchewan Medical License and for certification with the Royal College of Physicians and Surgeons. All responses to The Caldwell Partners are confidential. Please indicate your interest in Project 8944 through the "For Candidates" section of www.caldwell.ca or by email to resumes@caldwell.ca.
