## dining and activity area

All home-cooked, nutritious meals are served in the central dining room. We have a busy Activity schedule including exercises, community and music groups and volunteers who help with programs. Family and friends are always invited to join in meals or activities.

## courtyard

There is a courtyard with a circular walkway, flowers, trees, benches and a gazebo. The courtyard is gated and is a safe area for residents to retreat in the outdoors with a beautiful view of the hills.

## lounge areas

There are two lounges available for residents and families to use. We can also accommodate special requests to reserve an area for larger family events.
