"The Regina Qu'Appelle Health Region Online Newsletter."

March 17, 2005

Thank you for being our partners in quality care now, and in the future. Without the talents, skills and commitment each of you brings to your job, the Region could not create, let alone deliver on our Vision of healthy people, families and communities.

What's Inside

• **See Who Celebrated a Service Milestone in the RQHR in 2002 and 2003**

5-to-20 Year Employees Recognized **Thank You for Your Service Today, and Tomorrow**

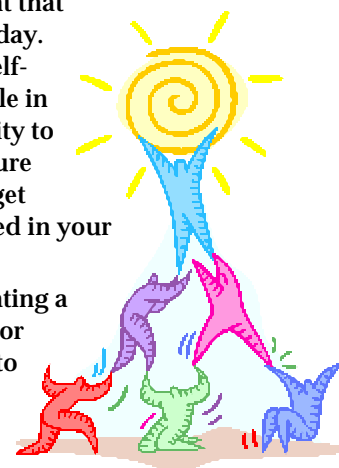

On behalf of the Regional Health Authority, and the Senior Management Team, thank you to all of our employees who celebrated 5, 10, 15 and 20 years of service with the Regina Qu'Appelle Health Region in 2002 and 2003.

People who choose to pursue careers in health care have a rare blend of qualities that truly blossom and thrive in an environment that presents a complex set of challenges every hour of every day. Health care workers intuitively understand humanity, self-sacrifice, compassion and devotion to the most vulnerable in our community. Each of you has demonstrated your ability to deliver quality care under pressure – whether that pressure comes in the form of change, resource challenges or budget constraints – and have done so by treating those entrusted in your care with dignity, concern and respect.

For some of you, this service anniversary is about celebrating a distinguished career. You are the Region's role models. For others, it is a milestone in a career that has the potential to touch thousands of people and families in the years to come. Regardless of what role you have in the Region, either in the provision of care or administration support, or how many years of service you have, your dedication to providing the best possible health system for our communities demonstrates why "People are our Passion" is one of the RQHR's Values.

Thank you for being our partners in quality care now, and in the future. Without the talents, skills and commitment each of you brings to your job, the Region could not create, let alone deliver on our Vision of healthy people, families and communities.

We are pleased to present this special issue of *e-link* that names each person who marked a 5, 10, 15 and 20 year service milestone in 2002 and 2003.

Murray Knuttila
